Utah 4-H is dedicated to providing a safe place and a caring adult for youth enrolled in any of our 4-H programs. This document was designed to deliver basic information about the 4-H program to adult volunteers who are interested in providing a safe, educational and fun environment for our members.

Revised 01/2006

Dear Volunteer,

Thank you for your interest in the 4-H Youth Development programs at USU Extension. We look forward to your joining our cadre of volunteers. 4-H is a great program that teaches youth leadership, citizenship and life skills. It is one of the most successful youth-development programs in existence. Since its inception about 100 years ago, 4-H has grown to become a leader in youth organizations, inspiring youth to become involved in their communities.

With our link to the USDA Land Grant University system, specifically Utah State University Extension, we offer youth a variety of programs with exceptional curricula, up-to-date information, and activities that are not only educational, but fun as well! We want youth to understand that learning is a lifelong endeavor we can all enjoy.

4-H programs help youth to explore their world, develop their talents and try new things, as well as encourage cooperation and community service. Through projects in 4-H, youth grow into responsible, caring adults.

With all this to offer, 4-H would not be the terrific program it is without our adult volunteers. Without you, we could not provide these opportunities for youth. We know you are one of the most important and valuable assets we have. We hope you will take advantage of some of the training opportunities that we provide our leaders.

Thank you for taking time from your busy schedule to help youth grow by experiencing the opportunities available through the Utah State 4-H Program. We look forward to a long and rewarding relationship with you and the youth you serve.

Sincerely,

*Kevin C Kesler
Director of 4-H and Youth Programs and
Assistant Director for USU Extension*
